

Santa Rosa County School District

"A Tradition of Excellence"

TRANSPORTATION

Robb Bauman – Regional Manager
Safety Initiative Update
10/25/12

Safety Initiative Overview:

Objective

Action

Current Status

**Communications /
Staff Development**

Increase safety awareness, listen & learn sessions, safety incentives, leadership development of staff.

Creating a driver check-in area, monthly coffee w/GM, daily safety raffle, NEX leadership.

Driver Staffing

Increase the number of drivers in training (i.e. recruiting) and remove any and all barriers.

21 drivers in training w/ 2 in the final stages for testing, and 4 have been placed in-service.

Driver Evaluations

Conduct quality BTW evaluations and retaining based on evaluation findings for 100% of drivers.

>98% of drivers have received evaluations with 12% receiving BTW and 36% receiving classroom retraining.

**Post Accident
Analysis**

Analysis was conducted and driver evaluations prioritized based on causation and repeaters.

Drivers with preventable accidents received a focused evaluation and causation retraining as needed.

**Route Risk
Assessments**

Assessments were conducted for the top 5 high risk routes for Navarre, Pace, and Milton.

Route risk action plans have been developed for the top 15 high risk routes and more.
