Ms. Ann Linehan
Acting Director, Office of Head Start

Ross Weaver for *4/22/14*
Date

Overview of Findings

From 2/9/2014 to 2/13/2014, the Administration for Children and Families (ACF) conducted a monitoring review of the Santa Rosa County School District Head Start and Early Head Start programs. We wish to thank the governing body, Policy Council, staff, and parents of your program for their cooperation and assistance during the review. This Head Start Review Report has been issued to Dr. Diane Scott, Board Chairperson, as legal notice to your agency of the results of the on-site program review.

Based on the information gathered, no area of noncompliance was found during the course of the review. Accordingly, no corrective action is required at this time.

If you are a grantee serving preschool age children in the center-based option, a sample of your preschool classrooms will be observed using the Classroom Assessment Scoring System (CLASS). This classroom observation instrument looks at the teacher/child interactions, as well as interactions between children. The Office of Head Start encourages grantees to consider the CLASS results in planning ongoing efforts to improve classroom quality.

During your review, the team used a sampling methodology that included a random selection of child files, staff files, and class, center, and group observations. If your report includes findings related to evidence that involved sampling, the finding narratives in your report include specific percentages from each sample that were determined by dividing the number of issues found by the total sample size. This methodology, which uses statistically driven random samples, allows the OHS to use information collected through the representative samples to make generalizations regarding your program as a whole.

For example, if, during your review, the team examines a sample of 45 child files, the finding narrative will indicate the percentage of files that were identified with an issue. The percentage will be determined by dividing the number of child files with issues by 45. Likewise, when summarizing information from classroom observations, the total number of classrooms with issues will be divided by the total number observed to determine the percentage of the sample

with problems.

Please contact your ACF Regional Office with any questions or concerns you may have about this report.

Distribution of the Head Start Review Report

Copies of this report will be distributed to the following recipients:

Mr. Jeffrey Fredericks, Regional Program Manager

Ms. Dannon Byrd, Policy Council Chairperson

Mr. Tim Wyrosdick, CEO/Executive Director

Dr. Bettie Bonner, Head Start Director
