## **Santa Rosa County School District 2015-16 Class Size Reduction Compliance Plan**

January 21, 2016

The Class Size Reduction Compliance Plan that follows was developed in by considering enrollment projections for 2016-17, staffing plans for 2016-17, possible curricular changes for 2016-17, and existing law regarding Class Size Reduction.

Submitted by

William S. Emerson  
Assistant Superintendent for Curriculum, Instruction and Assessment

For each school not in compliance with class size requirements pursuant to section 1003.03, F.S., this template was used to submit a brief explanation of the school's plan to meet class size requirements for the October 2016 FTE student survey. In order to participate in the restoration calculation authorized in section 1003.03(4)(e), F.S., plans must be submitted by February 1, 2016. Class size reduction implementation strategies listed in sections 1003.03(3) and (5), F.S., may be considered, in addition to strategies not listed in statute, in order to meet class size requirements. The compliance plan must be certified by the school board or the charter school's board of directors. The signature below acknowledges your approval of the compliance plan.

2015-16 Areas of non-compliance (0.17) 4-8, (0.17) 9-12

Careful attention will be given to enrollment projections for 2016-17. In addition, we will investigate the possibility of Controlled Open Enrollment in order to take advantage of the legal advantage of using school averages for class size compliance. Santa Rosa County would currently be in compliance had we chosen this option for 2015-16.
