Section 9 – Virtual School Completely Re-written

Because of new legislation regarding virtual programs over the last two years and because the information from the previous year’s SPP was not clear and somewhat inaccurate, I decided to rewrite the entire section and organize it, whenever possible, like that of the elementary, middle, and high school sections of the SPP. As a result, I expanded Section 9 from just one subsection (9.100 in 2011-12 SPP) to seven subsections (9.100-9.700 in 2012-13 SPP). The only two sections that are relatively unchanged from last year’s SPP are 9.1022 (eligibility of students in our district VIP program, 9.101 in 2011-12 SPP) and 9.700 (ESE/504, 9.1032 in 2011-12 SPP).
