Record Keeping

- Twenty-one (21) Child Plus reports distributed this month consisted of health/dental, education/assessment, end of the year, and student information. The reports were generated to help monitor several service areas of Head Start/Early Head Start.
- Eighteen (18) Head Start/Early Head Start applications for the 2012-2013 school year continue to be entered into Child Plus.

EARLY CHILDHOOD DEVELOPMENT AND HEALTH SERVICES

Education

- Head Start five-year-old students were provided the opportunity to experience Disney on Ice at the Pensacola Civic Center. This was a wonderful adventure for our students. Head Start four-year-old students took a field trip to the Panhandle Butterfly Garden. They saw many types of butterflies and had a picnic at a nearby park. Both field trips were a huge success with students and families.
- Galileo and VPK assessments have been completed. Teachers met with parents to provide information on assessment results and other pertinent information. Family goals and the status of those goals were also discussed during the meeting.
- Head Start and Early Head Start students and families participated in a Science Fair at T. R. Jackson Pre-K School. Teachers presented hands-on science activities with directions for doing the activity at home. Some of the activities included making ooblick, planting, water and wind projects, investigating the state of matter, and much more. Everyone enjoyed getting their “hands dirty” as they explored the world of science.
- Transitioning to kindergarten is very significant to Head Start and Voluntary Pre-K (VPK) students and families. Many students participated in graduation and promotion ceremonies as they prepare for that next step into kindergarten.
- Assessment data results indicate that students have reached the advanced level in all areas of development. Head Start mandates that readiness goals be written in alignment with the Head Start Child Development Early Learning Framework, the Florida State Standards, and the Local Education Agency. These goals must also be written in five specified domains. Data results and student progress toward meeting these goals are reported to the Head Start Regional Office. The analysis of the data indicates the following:
 - * approaches to learning – 95%
 - * social and emotional development – 85%
 - * language and literacy – 90%
 - * cognition and general knowledge – 83%
 - * physical and motor development – 90%.

Health/Dental/Nutrition

- Field Day was held at Central School. Pictures were taken of students participating in scooter races, sack races, frisbee toss and relay races. Other ODS completed their field days in April.
- Jeff Mathews from the Santa Rosa County Extension Program provided nutrition lessons on myplate.gov for students at T. R. Jackson. Students were given coloring sheets of myplate to color and to help learn about the five food groups.
- Head Start Pre-K students for T. R. Jackson and other designated sites attended a field trip to Pensacola Civic Center to see “Disney on Ice”. All service areas provided assistance with this field trip.
- Assistance was provided to all Pre-K Celebration/Graduation ceremonies to help teachers serve refreshments to parents and other family members.
- Heights and Weights for students at West Navarre Intermediate, Central School, Berryhill Elementary, Chumuckla Elementary and East Milton Elementary were measured and completed for the 2011-2012 school year.

Social/Emotional Development (Mental Health)/ESE/Disabilities

- Head Start/Early Head Start Pre-K currently has the following individual education plan (IEP) or individual family services plan (IFSP) data program wide:

Bagdad Elementary	1
Berryhill Elementary	1
Central High	2
Chumuckla Elementary	6
East Milton Elementary	6
T. R. Jackson Early Head Start Students (IFSP)	3
T. R. Jackson Head Start Students	30
West Navarre Intermediate	4
Head Start/Early Head Start IEP and IFSP Total	53

- Six (6) eligibility/staffing's for ESE services were conducted at T. R. Jackson and West Navarre Intermediate. Three (3) parent conferences were conducted to discuss parent concerns regarding behavior at T. R. Jackson and Central School. There were eleven (11) student behavioral interventions made.
- The following mental health referrals were completed by Mental Health Professional, Gail Patterson. Currently there are twenty-eight (28) active mental health referrals. Of those twenty-eight (28), one is new.

Total Mental Health Referrals for T. R. Jackson: HS/EHS 19	Total Mental Health Referrals for other designated sites: HS 10
--	---

- The following mental health services were provided as a result of teacher or parent request.

2 Unofficial observations	3 Unofficial teacher consultations
2 Telephone parent conferences	15 Student counseling sessions
1 Parent counseling sessions	10 Parent conferences.
1 Classroom intervention	0 Classroom observations
17 Teacher consultations	3 Child interventions
2 Staff consultations/counseling	0 New referral
3 Parent Talk Parent Meetings	2 Child Observations

- Currently there have been twenty-seven (27) Early Head Start Transition meetings held and two (2) ESE Transition meetings. Of the twenty-seven (27) Early Head Start Transition meetings, thirteen (13) resulted in a request to move to the Head Start Program for three-year olds pending an opening.
- Parent Talk meetings were held at T. R. Jackson, East Milton and Berryhill Elementary. Discussion topics such as Kindergarten Transition were facilitated by Gail Patterson, Mental Health Professional and the Social/ Emotional and ESE Area Specialist.

- Site visits were conducted at East Milton, Berryhill Elementary, Central School, Chumuckla Elementary, West Navarre Intermediate and Bagdad Elementary. The visits consisted of ESE staffings, transition meetings and classroom visits regarding student behavior and teacher/staff support.
- The annual Kindergarten Transition Meeting was held at T. R. Jackson with Sherry Diamond, Director of Elementary Education, serving as guest speaker. Information regarding kindergarten registration was given to our parents as well as contact information regarding school zones, busing and school lunches. Follow-up parent meetings were offered for those who could not attend the transition meeting.

FAMILY AND COMMUNITY PARTNERSHIPS

- The Family Service Liaisons have completed the final home visit and parent/teacher conferences for this school year.
- Under the direction of the Education and Assessment service area, Family Service Liaisons are preparing for Pre-K graduation and Promotion ceremonies at all 4-year old Head Start classrooms district-wide.
