Termination

To terminate this agreement, either party shall give twenty (20) calendar days written notice as provided herein prior to the date of the termination.

Mutually-Agreement Upon Procedures

This agreement represents mutually agreed-upon procedures for implementing the Title II Part A Teacher and Principal Training and Recruiting Fund program at the private school. Procedures are a result of timely and meaningful consultation agreed upon June 18, 2012.

Indemnification

Private school shall defend, hold harmless, and indemnify DISTRICT and its governing board, officers, agents, and employees from and against all liabilities and claims for damage for death, sickness, or injury to any person(s) or damage to any property, including, without limitation, all consequential damages and expenses (including attorney fees), from any cause whatsoever arising from or connected with its service hereunder, resulting from the negligence or intentional acts of PROVIDER, its agents or employees. It is understood and agreed that such indemnity shall survive the termination of this Contract.

Legal Authority

Each party signing this agreement individually warrants that he or she has full legal power to execute the agreement on behalf of the party for whom he or she is signing and to bind and obligate such party with respect to all provisions of the agreement.

- 1. How the LEA will identify the needs of eligible private school children and teachers:**
The LEA, Santa Rosa County District Schools, will identify the needs of private school children and teachers through needs assessment.
- 2. What services the LEA will offer to eligible private school teachers:**

The LEA will offer private school teachers access to professional development on an equitable basis as that offered to Santa Rosa District teachers.

3. How and when the LEA will make decisions about the delivery of services:

The LEA met with representatives from the St. Paul United Methodist School several times during the planning of the 2012-13 Title II Part A Teacher and Principal Training and Recruiting Fund application. Decisions about the delivery of services were made in consultation with Libbra Barker, St Paul United Methodist School Director, after analysis of a school and staff needs assessment. Ongoing consultation will occur during the 2012-13 school year to ensure that staff development offerings meet the needs of St. Paul United Methodist School teachers. Revisions in the plan may be made during the year, as needed, with agreement from the LEA and the St. Paul United Methodist School, Director.

4. How, where, and by whom the LEA will provide services to eligible private school teachers, including a thorough consideration and analysis of the views of the private school officials on the provision of services through a contract with a third-party provider:

The LEA will provide services to St. Paul United Methodist School teachers through regularly-scheduled district staff development. In addition, the District may provide site-specific inservice as requested and approved in consultation between the St. Paul United Methodist School director and the district. Such inservice may be provided by district personnel or through contract with third party providers. Potential contracts with third-party providers must be approved by the LEA in advance. If the LEA disagrees with the request of the private school official for the provisions of services through a third-party contract, the LEA must provide the private school the reasons in writing why the LEA chooses not to use a requested third-party contractor.

5. How the LEA will assess the services to eligible private school teachers in accordance with Title II Part A Teacher and Principal Training and Recruiting Fund and how the LEA will use the results of that assessment to improve services:

The LEA will assess the services provided to eligible private school teachers through the district staff development evaluation instrument and follow up form. The LEA will use the results of that assessment to improve services.

6. The size and scope of the equitable services that the LEA will provide to eligible private school children, and consistent with Title II Part A Teacher and Principal Training and Recruiting Fund, the proportion of funds that will be allocated to provide these services:

The District agrees to provide an equal amount of funds per student for private school students as is provided per public school student. The projected 2012-13 Title II allocation is \$807,446. Based on Santa Rosa student enrollment of 26,551, potential per student expenditure from Title II funds per student is \$31.41. Based on St. Paul United Methodist School projected enrollment of 20 students, the estimated staff development funds available to St. Paul United Methodist School in 2012-13 is \$628.20. As this is the first year of St. Paul United Methodist School, in the Title II, Part A grant, there are no roll forward funds from 2011-12.

- The LEA will provide services to St. Paul United Methodist School teachers through regularly scheduled district staff development, based on the value of \$10 per hour.
- The district will pay St. Paul United Methodist School teachers stipends to attend staff development for which Santa Rosa District teachers are paid stipends at the same rate

as Santa Rosa teachers receive; that is, \$15 per hour plus Social Security. Stipends for private school teachers will be paid directly to the St. Paul United Methodist School teachers and not to the school. Each St. Paul United Methodist School teacher must complete the requisite paperwork to become a Santa Rosa District vendor.

- Upon written request from the St. Paul United Methodist School administrator and with prior approval of the Title II project manager, stipends may be paid to St. Paul United Methodist School teachers for activities for which Santa Rosa teachers do not receive stipends. Stipends will be paid directly to the private school teachers and not to the school.
- With prior approval, the district may also fund attendance or a portion of attendance of St. Paul United Methodist School teachers at professional conferences to the extent that the content of the conference is part of a sustained and comprehensive secular professional development plan for each attending teacher. Travel costs may be reimbursed and if so will be paid directly to the participating teachers at the District rate. Temporary Duty forms must be filed in advance of such travel and approved by the Title II project manager.
- Santa Rosa District Schools will administer and retain control of all Title II Part A Teacher and Principal Training and Recruiting Fund moneys. No program funds will be provided directly to St Paul United Methodist School.

7. Supplies and equipment provided to the private school:

Supplies and equipment provided to the St. Paul United Methodist School as part of staff development remain the property of Santa Rosa District Schools. St. Paul United Methodist School must attach property tags to each item and maintain a master inventory list. Supplies and equipment provided must be returned to the district at the end of each school year. St. Paul United Methodist School agrees to replace any lost or damaged materials.

8. Staff development records

Staff development hours (Continuing Education Units—CEUs) will be tracked by St. Paul United Methodist School through vouchers presented to and signed by staff development facilitators. The District is absolved of any responsibility for maintaining staff development records for St. Paul United Methodist School teachers, although copies of sign in sheets will be retained for documentation and may be provided upon request.

Prohibition of Defaming the District

Private school will not participate in any activities that may lead to the detriment of the integrity or defaming of DISTRICT and its provision of services. Activities that will lead to termination of the agreement include, but are not limited to any lobbying activity and/or the use of funds provided through the contract to be used for the purpose of lobbying, intimidation, misrepresentation of services, discrimination against other private school, schools or students, defamation of the local DISTRICT or private school, or activities that may lead to exclusivity of service delivery. DISTRICT will submit a complaint in writing to the private school. Within 10 working days of receipt of complaint, private school will respond in writing with the action taken to correct the prohibited action. Unsatisfactory resolution may result in the termination of this agreement.
