- Dennis won't forget the day. The little girl was third seat down at the second table. Right away they called for some help from the office ; "immediately , right now!" I knew what it was. So, I just pulled her over and I said, I'm gonna give your stomach a squeeze. It took seconds for the principal and vice principal and nurse to get there. Dennis was standing by calmly. Heimlich maneuver performed; the little girl O.K.

- I just wanted to tell them how much we appreciate all that they have done to keep our band room clean and smelling fresh! They are so awesome and we appreciate everything that they do for us. Michael Schultz/Assistant Band Director MHS
- I just wanted to take a moment to brag on Jaz. She is doing a great job and she constantly has a positive attitude and smile on her face. She is a wonderful asset to Hobbs Middle. Jada Southers/ Bookkeeper
- Areas are cleaner than they have been and places are smelling much better than they have been. The day and night crews both seem to be doing a really good job. Joey Goodwin/PHS
