Provide your rationale for why school district facilities are not acceptable (seating, acoustics, etc) Use the back of this sheet if more space is needed:

This event had been in the gym during the month of May until last year when it was moved to April due to FSA/EOC and AP testing in the gym. We received negative feedback for having it so early and not closer to the end of the school year. Due to the facility restraints, having testing in the gym, and the feedback from parents, we feel that this would allow this event to grow in participation with proper seating.

We previously used Skopelos due to the size of our banquet. We are looking to have 225-250 attendees. We are also catering the event. We would like to have a more formal event, and not use the cafeteria tables. The school is NOT funding. The booster club funds all of it. Thank you.

Skopelos is too expensive. We are looking for a roomy enough facility that will accomodate and allow for an elegant evening. This was suggested to use Based on another team who had an event there. (girls soccer) There is no religious tie other than the use of the facility.

Thank you!
