Weather Delay Log, July 2020

Pensacola, FL 32505

We experienced a slight delay to critical path activities due to the excessive rain this month. We have included daily logs showing days when the work could not progress due to site conditions from rain. There were a total of 13 days' delay due to weather conditions. The site experienced a total of 10.28" of rain during the month.

(850) 472-1001 Phone

The rain has caused a delay in site, rough-ins and masonry, which affected the schedule.

(888) 319-9256 Wats

According to the attached average number of rain days anticipated for the month of July (10 days), we request an additional 3 day of time be added to our contract time.
