Santa Rosa District Schools  
Fall Sports Competition  
SY 2020-21

It is requested of the board to approve Fall Sports Season to benefit student-athletes in our schools. Our desire for competitive practice and play will be guided by some important protocols listed below:

- Schools, sports and extracurricular activities will comply with safety protocols established by the FHSAA, the Health Department and Andrews Institute. This includes protocol for student-athletes and employees.
- Competitive play will occur in venues in compliance with social distancing mandates already established by the Board or the Health Department. These procedures will necessitate social distancing, mask wearing where appropriate and limited attendance.
- Concession stands will need to comply with our current regulations including but not limited to pre-packaged items and screening of volunteers serving.
- Fall Sports will begin practice on September 7, 2020 with the first competition during the week of September 14-18.
- A declaration to participate in the Florida State Series post-season competition will be made by the school for each individual sport.
- Competition is limited to our local area. No overnight trips are allowed, and schools are encouraged to limit travel as much as possible.
- The current allocation for sports will remain the same.
- Individual sports may limit a schedule to accommodate the availability of teams participating
- Winter and springs sports will be evaluated as season start dates approach

Respectfully Submitted,

Tim Wyrosdick  
Superintendent of Schools
