

Navarre Beach Marine Science Station

Director: Charlene Mauro
Program Coordinator: Kaiti Whitmire

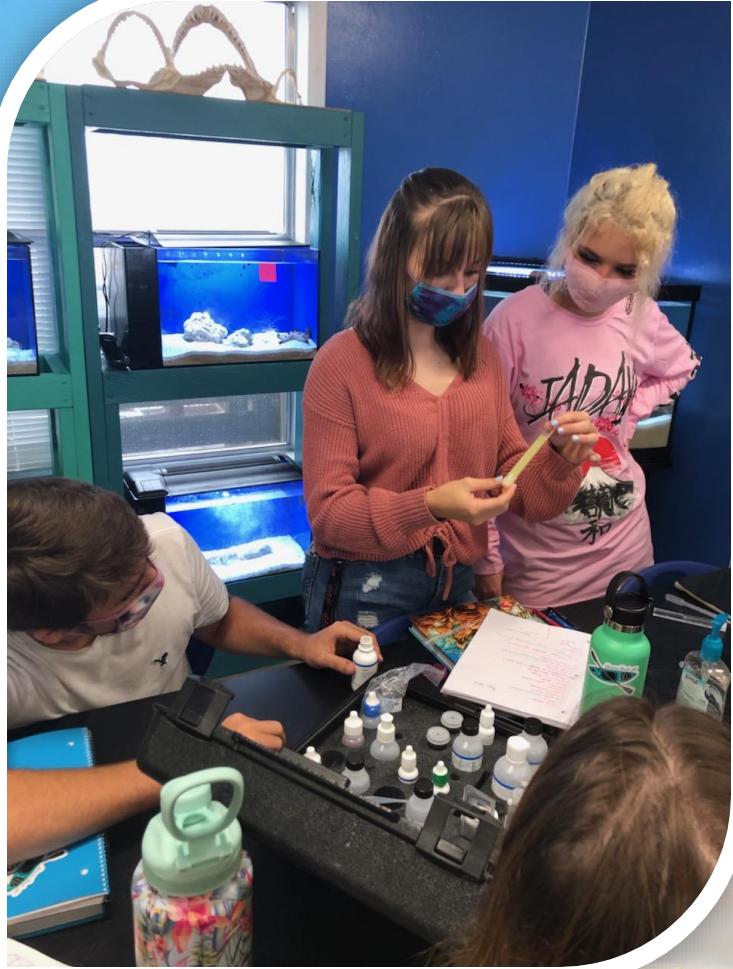

Mission

The mission of the Navarre Beach Marine Science Station is to promote the appreciation, conservation, and understanding of the marine ecosystem of coastal Florida through education and service.

Students in Action

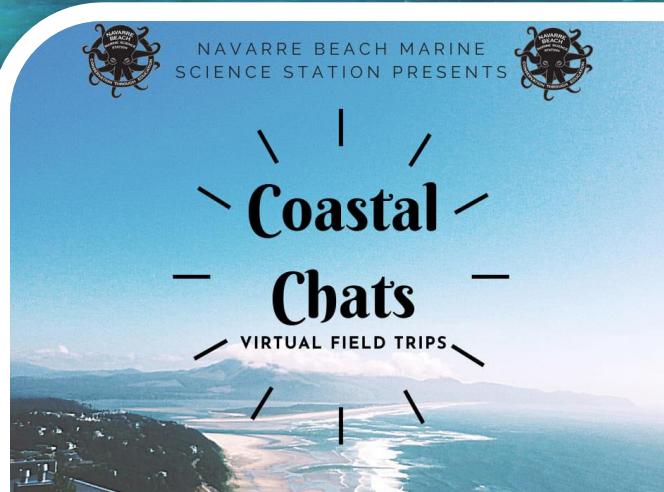

Reaching a Broader Audience

Navarre Beach Marine Science Station was live.

Coastal Chat: Dune erosion after Hurricane Sally 🌊

What do we do when the power is out? Have class on the beach 😊

Assignment: Students had 1 hr to learn about something they observed and create a 1 minute educational video about our beach after #HurricaneSally2020. Our students did a fantastic job - especially since it was their first time on camera.

Here is one of our favorites showcasing students Brandon & Jasiah ❤️
