MEMORANDUM

TO: Dr. Karen Barber, Superintendent
School Board Members

FROM: Sharon Patrick

DATE: June 9, 2021

SUBJECT: District Accreditation Funding Proposal

The 2021-2022 school year has been designated as the district accreditation review period. Cognia Corporation will be conducting the review. There are currently 36 sites involved in the review to include the district as well as the new sites East Bay K-8 and the ESE Development Center.

Included with this memo you will find the annual accreditation service fee invoice of \$4800 for the 2021-2022 accreditation school year. Due to the accreditation being via Zoom, the service is much lower than in times past when the district was required to provide accommodations, meals and travel for each member of the accreditation team.
