The requested carry-over funds will be used for supplies and travel. Due to COVID we were unable to send staff to important professional development opportunities. This is a high priority for us. Other funds will be used for classroom/student supplies that will include our outdoor classroom settings. The targeted groups will be our Early Head Start and Head Start students. By utilizing these funds our children will enjoy and learn through all types of manipulatives and activities in their classrooms. All students and staff members will benefit from the professional development. Staff members who attend professional development are required to share their newfound knowledge with their peers so that everyone benefits and learns from the experience.
