Re: **Wallace Lake K-8 August 2021 Weather Letter Review**

Dear Ms. Northrop,

We have reviewed Panhandle Grading and Paving's (PGP) July Weather Letter time extension request for three (3) additional days for this month and concur with their request. Based on our observations, the weather data provided by PGP and PGP's effort to mitigate the water onsite (e.g., sealed backfill areas with smooth drum roller and excavated temporary ditches to drain water away from building pads), we believe their request to be reasonable.

If you have any questions regarding this review, you can contact me by phone on my cell phone at 205.886.8036, or by email at cgarrett@mckimcreed.com

Re: Request for Contract Time Extension Monthly Billing August / September Period
New Pace School A – Santa Rosa County School Board (Weather Letter)

Dear Mr. Jehle,

Attached is Panhandle Grading and Paving, Inc's July billing to include the monthly weather reporting as required for the months of July, and partial August. The inclement weather impacted the controlling items of work for at least 50% of the normal work-day. Below is a summary of the impacts:

| Allotted daily amount per section 00073-1: | | Actual Days: | |
|---|---|---|---|
| August | 06 Days | August | 09 Days (+3) |

(3) each day's above August anticipated weather events per specifications is requested for the time extension. The current substantial completion date of July 18, 2021, and final completion date of August 3rd, 2021, will be increased by 3 EA. calendar days.

Attached herein, is our monthly / daily reporting that shows the type of adverse weather, scheduled work-day listing, and the critical path activities that were delayed. Also included is the amount of rain received in our rain gauge onsite, to include supporting documentation from the nearest NOAA reporting station, that illustrates rain was also recorded at other areas near the project location.

After you have had a chance to review, please let me know of any issues or concerns that you may have, or if further information is requested that I can provide under separate cover. If there are no issues, kindly issue a time extension at your convenience.

Respectfully,
Panhandle Grading & Paving, Inc.

Brad McLaughlin
Project Manager
