COURSE DESCRIPTION:	<p>Please attach a course description for the recommended course that identifies the Major Concepts/Content, Special Notes, and the Course Requirements aligned with the appropriate state standards available at www.cpalms.org.</p> <p>See example at: http://www.cpalms.org/Public/PreviewCourse/Preview/1723</p>
LOCAL APPROVAL:	Please attach documentation of your School Board approval of this recommended course.
<p>PLEASE DESCRIBE THE NEED FOR THE NEW COURSE, INCLUDING THE REASON WHY AN EXISTING COURSE WILL NOT SERVE THE NEED. Requests could be supported with data indicating the need for the course. Other considerations should include existing courses that might duplicate content or credits.</p> <p>During the 2021 Legislative Session, the House and Senate passed SB 1108, which was signed into law by Governor DeSantis. The bill requires districts to administer the SAT or ACT to grade 11 students. Given the importance of this assessment for entrance into college, we propose this course to ensure students obtain key concepts and skills needed to be successful and gain admission into post-secondary opportunities. The 82 skills assessed on ACT and SAT correlate to 94 B.E.S.T. benchmarks. The proposed course covers 52 of those benchmarks and addresses 45 out of 82 total skills found on the assessments. That concentration is higher than Algebra 1, Geometry, Algebra 2, Mathematics for College Algebra, Mathematics for College Liberal Arts, or Mathematics for College Statistics. See the attachments provided for more information regarding how ACT/SAT skills correlate with BEST Benchmarks.</p>
