

## INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.

If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.

If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

## Expenditures

### Expenditure for Maintenance, Repair and Renovation from 1.50-Mills and PECO

Annually, prior to the adoption of the district school budget, each school board must prepare a tentative district facilities work program that includes a schedule of major repair and renovation projects necessary to maintain the educational and ancillary facilities of the district.

### Infrastructure Tracking

**Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).**

2022-23 Joint project with Santa Rosa Board of County Commissioners - installation of traffic light at intersection of Willard Norris Road and Tanglewood Drive, Milton, Florida - future school site

**Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).**

New K-8 school is now open at 2535 Elkhart Drive, Navarre, FL 32566.  
 New K-8 school is currently under construction at 3554 Wallace Lake Road, Pace, FL 32571  
 New high school will be needed in the near future at the south end of the county.  
 New high school will be needed in the near future in the Milton/Pace area.

**Consistent with Comp Plan?** Yes

### Failed Standard Relocatable Tracking

Relocatable units currently reported by school, from FISH, and the number of relocatable units identified as 'Failed Standards'.

Nothing reported for this section.

## Planning

---

### Class Size Reduction Planning

**Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.**

The need for permanent student stations is critical at this time. The District has completed a new K-8 school in the south end of the County and is currently constructing a new K-8 school in the Pace area. The District has secured property for a future high school in the south end and is currently negotiating for properties in the Milton and Pace areas. The District will continue to lease relocatables and redistrict as needed.

### School Closure Planning

**Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.**
