All classroom instructional materials, used in the Santa Rosa County School District including State-adopted single source textbooks, instructional aids, and other supplementary materials, for the first time shall undergo an evaluation. This evaluation shall determine the suitability of the materials for information being taught in the classroom in relationship to State standards, curriculum frameworks, and district programs, as well as with state and district performance standards.

- I. Evaluation of Instructional Materials. The Superintendent shall establish a District Review Committee and develop procedures for the review and evaluation of instructional materials. The District Review Committee will include content area teachers, one or more parents of children at content grade level and district personnel. Meetings of the District review committee convened for the purpose of ranking, eliminating, or selecting instructional materials for recommendation to the School Board must be noticed and open to the public in accordance with s. 286.011 F.S. The staff involved in this process shall recommend to the Superintendent the instructional materials that address the goals and objectives for adopted courses of study and the course descriptions established by State Board Rule as well as the state and district performance standards for submission to the Board for adoption. The instructional materials shall be from the State-adopted instructional materials list if there has been a State adoption or from publishers and other resources if there has not been a State adoption.
- II. Adoption of Instructional Materials. The following procedures for the adoption of instructional materials apply only to those instructional materials that serve as the major content tool and basis for instruction for each student in the core subject areas of mathematics, language arts, social studies, science, reading, and literature:
  - A. Prior to final adoption, student editions of the recommended instructional materials will be made accessible for review online for at least twenty (20) calendar days before consideration by the School Board.

  - C. The School Board shall conduct an open noticed public hearing to receive comment on recommended materials prior to adoption.
  - D. The School Board shall conduct an open, noticed public meeting to approve an annual instructional materials plan to identify any

- G. The following procedures shall apply to all objections to instructional materials adopted by the School Board.
  - 1. The parent or a resident of the County, as defined by Florida Statutes, may contest the district school board's adoption of a specific instructional material by filing a written objection using the form that is available in each school office, the Superintendent's office, or on the District website.
  - 2. The form must be signed by the parent or resident of the county, include the required contact information, and state the objection to the instructional material based on the criteria stated in Florida Statutes s. 1006.31(2) or 1006.40(3)(d).
  - 3. The written objection must be filed within thirty (30) calendar days of the adoption of the material. A complainant who does not complete and return the form within the required time shall receive no consideration. The statement shall include the following information:

The petitioner(s) shall be notified in writing of the date and time of the hearing at least seven (7) days prior to the hearing. The hearing must provide sufficient procedural protections to allow each petitioner an

III. Evaluation and Adoption of Other Classroom Instructional Aids and Materials. The following procedures will be followed in the evaluation, selection, and use of additional instructional aids for classroom use that have not been adopted by the State Board of Education, and approved for use:

A. When teachers, groups of teachers, or academic departments determine that the need exists for new or additional classroom instructional aids, they shall review available items and seek input and assistance, when appropriate, from parents, students, and other lay members of the community, and determine which instructional aid or aids best meet instructional needs.

B. After making this determination, they shall prepare a written rationale for each instructional aid, which includes, but is not limited to, the following:

1. The class(es) or age group(s) that the instructional aid is appropriate.

Within ten (10) working days, the principal shall recommend, in writing, the approval or the rejection of the instructional aid, or shall return the rationale to the teacher for revision. If the instructional aid is recommended for rejection or returned for revision, the principal shall state the reasons in writing. Upon resubmission of a revised rationale by the teacher, the principal shall make a decision for recommendation or rejection within ten working days. The principal shall submit the recommendation to the Director of Curriculum and the Superintendent. If the instructional aid is rejected by the Director of Curriculum and the Superintendent, the teacher shall have ten (10) working days from the date of rejection to file a written request for review by the School Board.
- D. The Superintendent shall submit a written list of any instructional aids that have been submitted by teachers and rejected by a principal, the Director of Curriculum or by the Superintendent, and not appealed by the teacher. The list shall state the reasons for the rejection of each instructional aid.
- E. The rejection at any level of the use of an instructional aid shall be for that academic year only. Any instructional aid previously rejected, at any level may be resubmitted in any subsequent year.
