

Santa Rosa County District Grant Synopsis

Submitted by: Patti McKnight

Name of Grant, Contract or Memorandum of Agreement:

ARP ESSER Supplemental Programming – 23A238

 Continuation Grant Update Grant ☒ New Grant

What the grant will accomplish and the target groups to be served:

Every department in the district was involved in examining data, talking to administrators, and reaching out to parents to determine what we have done well and what still needs to be done to help students accelerate through the learning gap caused by COVID 19. You will see projects that target transitional grades in math and science, integrated language learning and course recovery summer camps for ELL students, traditional course recovery courses for middle and high school students to meet graduation requirements, project based and standards-based career learning camps, and STEAM, music, and art camps at elementary, middle, and high school. The goal of this opportunity is to open the door for ALL students to reengage fully in schools.
