Status of Projects

Gulf Breeze High School HVAC Renovation Phase I

- Submittals for all major equipment have been reviewed and equipment has been ordered.
- Earthwork for new equipment pad is complete.
- Slab for new packaged chiller plant is under construction. The original slab configuration has been modified to be smaller than originally shown and the finished elevation of the new slab has been raised to facilitate future expansion for the next phase plant addition.
- Rough-in work for electrical and plumbing at equipment pad is approximately 80% complete.
- Shop drawings for cooling tower support have been reviewed and cooling tower support is under construction.

Construction Bids
