Knowledge that Works

May 31, 2012

Mr. Tim Wyrosdick
Superintendent
Santa Rosa County School District
5086 Canal Street
Milton, FL 32570

Dear Mr. Wyrosdick:

Each year we are directed by the state to set tuition and fees for our Workforce Education programs. We strive to keep fees as low as possible for the citizens of Santa Rosa County. Adjustments to the fee schedule will become effective July 1, 2012 for courses beginning on or after that date and will remain in effect until amended or revoked by the Santa Rosa County School Board.

The State of Florida allows us to collect fees up to 10 percent of tuition to provide financial aid to students, up to 5 percent for technology enhancement and up to 5 percent for capital improvement. These additional fees are included in the schedule below. Total per contact hour will be the State of Florida standard fee rate of \$2.33 plus \$.45 (10% financial assistance + 5% technology fee + 5% capital improvement).

Based on the above hourly rate, job preparatory tuition per semester will be:

Half Day (225 hours)	\$ 640.50	\$2,528.25

Total tuition per semester includes a non-refundable \$15.00 application fee to be paid each time a student registers.

In addition, each post-secondary student is required to pay a \$10 fee for the Test of Adult Basic Education (TABE), purchase textbooks, and any basic materials required for their training program (nursing scrubs, work boots, tools, etc.). These additional user fees vary by program and are only charged to persons receiving the service. Each workforce education program brochure details the program costs.

Locklin Tech will continue to serve our neighboring Alabama counties without charging out-of-state fees as per the School Code Rewrite that became effective January 7, 2003.

The fees suggested herein are in accordance with the policies set forth by the Florida Department of Education. Locklin Tech's 2012-2013 Fee Schedule is hereby respectfully submitted for your approval.

Sincerely,

Charlin Knight
Principal
