RE: Letter of Agreement Between Santa Rosa County School District and the National Council for Behavioral Health

Dear School Board Members and Superintendent Wyrosdick,

This agreement defines the responsibilities of the National Council for Behavioral Health and the Santa Rosa County School District. Senate Bill 7026 requires all school personnel to be trained in Youth Mental Health Awareness. The FLDOE has adopted the National Council for Behavioral Health curriculum to provide this awareness. This agreement provides train the trainer training for up to 16 participants. With these additional trainers, we will be able to offer more frequent trainings for school personnel. Your consideration of approval of this agreement is greatly appreciated.

Sincerely

Sherry Smith
