---

Jessica,

We certainly will re-engage with you and your team. Your assistance is a vital part of our success as a school district. Please replicate the form and update dates and terms. If you will get it to Melanie we will process in June. Regarding a "form" used ... we are researching this. For now, we will replicate last years document. Tim

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Mr. Superintendent,

Good afternoon!

The Rutledge-Ecena team has enjoyed the opportunity to work with you this year. We have strived to represent the interests of the School District of Santa Rosa County before the Florida Legislature and provide quality information to aid with the implementation of bills at the district level.

We hope that our efforts on your behalf and in previous years have exceeded your expectations. We will continue to work on behalf of the district as we work with legislators, staff and the DOE to implement legislation that was passed this year. We will also continue our work with legislative campaigns to ensure that we have the necessary relationships with all legislators.

We would welcome the opportunity to serve you again next year. Our current contract with SDSRC requires that if we wish to continue our partnership using the same contract terms, we make a written renewal agreement. Last year, the district asked that we use a form that was created by the district. I have attached the our current agreement so you can see the terms of the contract. We can draft a new contract or use a district form if you are interested in continuing working together.

Thank you for allowing us to work with you this year and we hope to hear from you soon.

Sincerely,  
Jessica Janasiewicz, Corinne Mixon and Jim Hamilton
